Two New Stores to Open In Del Amo Center Today

Official store openings of Foreman & Clark and Gallenkamp's today will mark another step in the growth of the huge Del Amo Shopping Center being developed at Hawthorne and Sepulveda Blvds. here by the Del Amo Estate Co.

Located in the newest building structure being completed on the major shopping mall, the new stores will serve as the forerunners of a group of 10 stores which will occupy the east mall building facility.

Completion of other stores in the center is being rushed and week by week during the months other shops will be opening. Planning celebrations are LeRoy's Jewellers, Toy World and Thom McAn Shoes.

These will be followed by openings of Del Mar Women Accessories, National Shirt

Shop, Young's Maternity and Drs. Harvey Temkin & Kenneth Fein, Optometrists during the summer months.

AS THE latest increment in the shopping center's progress the new east mall building, located just northerly of the Sears Roebuck store, contains more than 40,000 square feet. The Foreman & Clark store will be the largest with some 8700 square feet while others will vary between 2000 and 6500 square feet of area.

According to Pat O'Melveny, who as vice president of Del Amo Estates Co. is in charge of center operations, the new store openings will augment the merchandising appeal currently being offered by the other quality stores in the center.

In addition, he said that the east mall expansion brings the Del Amo Shopping Center one step closer to its ultimate role as one of the largest and most

complete centers of any in the South Bay district as well as throughout Southern California.
